

Daily standup

Sun, 13 Sept 26

Announcements

Daily Standup Meeting 2. Saurav is unavailable. This is the second standup of the sprint, with a third planned for tomorrow.

Updates

Team lead:

- Currently testing Jai's player role email PR
- Implemented auto-end warning at 45 and 90 minutes: prompts halftime or full time, auto-triggers after 1 minute if no input
- Plans to test the timer feature while watching the United game today

Sidebar

Sprint planning:

- About 11 use cases remaining across sprints 2 and 3
- Sprint 3 goal: complete all features from the project brief
- Any additional nice-to-have features to be implemented in the 2 weeks after Sprint 3 before final submission

Tomorrow's meeting with Jan(client):

- Team will message Jan tonight to review the Trello board and test the deployed app
- Meeting scheduled for 1 hour

Feature discussions:

- Goalkeeper saves: should be added as a stat; missed penalties should count as saves
- Defender/tackle stats: deferred to a future sprint
- Live Logger: opponent event button needs to be made more visible, noted on Trello for later
- Privacy policy to be added as a use case on the Trello board

Action Items

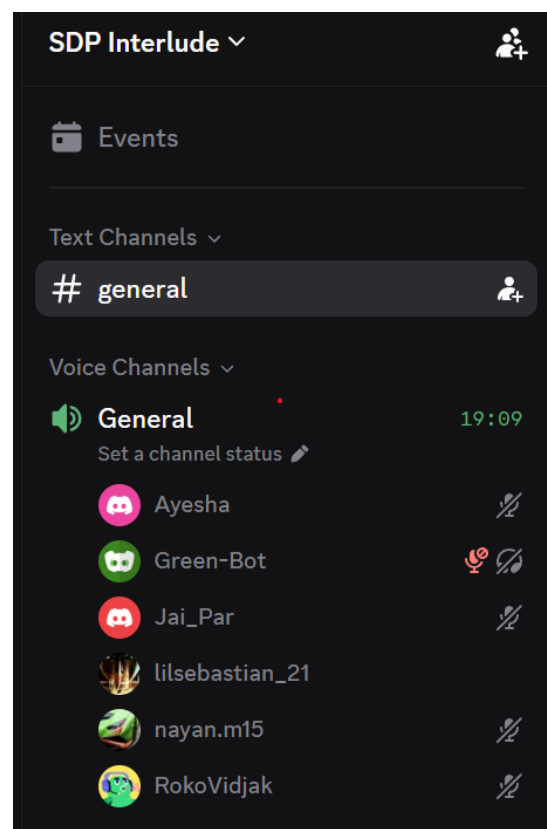

- Create a checklist for all use cases in the Progress tab on Trello, before tomorrow

- Complete Trello checklists for in-progress items before tomorrow (completed ones are already done)
- Submit Discord screenshot to the docs site
- Ensure meeting documentation is uploaded before Tuesday
- Merge PRs for upcoming event reminders and T&Cs
- Message Jan tonight to review Trello and deployed app ahead of tomorrow's meeting
- Edit README format and structure
- Add goalkeeper saves feature to the issue tracker
- Move sharing and report use case to backlog and allocate to Nayan
